

# CSA/Laerdal Simulation Workshop Level 1

Presented by Deb Bennett

## WHEN

January 23, 2019

8am - 4:30pm

## WHERE

College of the Desert

43-500 Monterey Ave. Palm Desert, CA 92260

Modified Level 1 (Foundations) – This Health Impact course is designed to engage the participant with an interest in simulation-based healthcare training with the basic concepts of simulation as an educational strategy. Using a combination of didactic, interactive and immersive group work, the course provides the beginning simulation user, the basics of high-fidelity simulation, scenario development, and debriefing strategies to facilitate learning and the effective use of available technology.

## Health Workforce Initiative

**TICKETS: FREE**

Email to enroll:

kovargas@

Collegeofthedesert.edu

**Light Breakfast and Lunch will be served**

## SPONSORS

The event is part of the SWI grant funding for Placement Coordinator College of the Desert Health Initiative

## PURPOSE

Increased simulation will decrease the pressure on clinical placements. High quality simulation prepares nursing students for practice.
